[Shade guides and color visualization - Dental Economics](#)

The VITA Classical Shade Guide (Fig. 2) is the most commonly used shade guide, but it's flawed because it does not address value. It was not until 1997 that value was added to a shade guide and used as the primary source of shade selection, with chroma and hue having less impact on the selection process. The VITA 3D- Master Shade Guide (Fig. 3) revolutionized shade selection, making the
