Model Based Systems Engineering for System of Systems ...

Model Based Systems Engineering (MBSE) follows a model-centric approach in contrast to the traditional document-centric approach. The complexity of SoS development lends itself nicely to a model-centric approach, especially a model that can represent the independence of the systems that comprise the SoS. **Women Mainboard by DAS Model Management** Women Mainboard by DAS Model Management, an independent model management firm.

Service module - Wikipedia

A service module (or equipment module) is a spacecraft compartment containing a variety of support systems used for spacecraft operations. Usually located in the uninhabited area of the spacecraft, the service module is jettisoned upon the completion of the mission, and usually burns up during atmospheric reentry.
